

Tendering is more rewarding on NECTR

Newham's Electronic Contract & Tendering Resource

Dean Williams
Strategic Procurement Unit

About NECTR

*NECTR (Newham's **E**lectronic **C**ontracting & **T**endering **R**esource) is the council's eTendering solution for quotations, tenders and contract management*

*It is web-based and completely **free!***

So wherever you are, day or night , you can work on or submit your proposals at the touch of a button (or two!)

Etendering

is an electronic solution for the whole of the tendering process from advertising the requirement to contract award. As part of this process, the exchange of all relevant documents will be done electronically

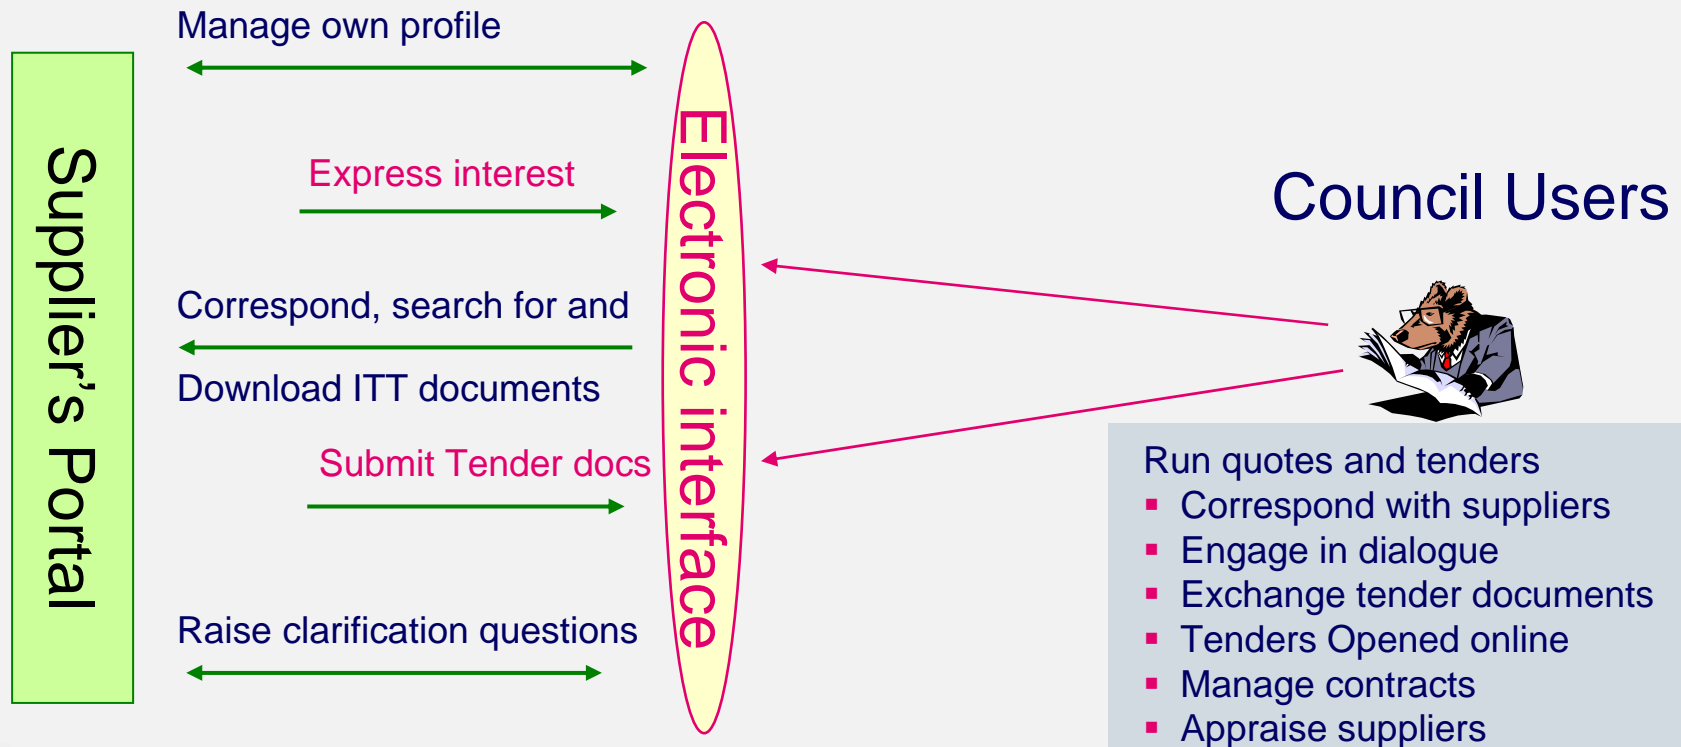

eTendering benefits

- easier to bring your goods and services to the attention of the council
- with eTendering you:
 - ✎ save time
 - ✎ can reduce costs on administrative functions e.g. copying, paper, postage, courier services, etc.
 - ✎ get automatic notification of new council opportunities once you have registered
 - ✎ help the environment
 - ✎ can keep track of all your tenders from a single portal at your convenience
