Building Schools for the Future

- The Building Schools for the Future (BSF) programme will see every state secondary school in England - around 3,500 in total - rebuilt or remodelled over the lifetime of the programme.
- BSF is the largest and most ambitious scheme of its kind anywhere in the world. It will transform education for some 3.3 million students aged 11-19.
- Laing O'Rourke is the main contractor for the Newham BSF Programme. The use of local suppliers is a high priority and has total commitment from Laings to deliver on this, where possible.
